Subject: FW: WY RH FR Notice - two sections ready for OGC review

That means they are ready for OAQPS review. Please contact me so I can direct you to the correct page, etc..in max before you get started

Subject: WY RH FR Notice - two sections ready for OGC review

Lea and Matt

Wanted to let you know that two sections of the FR notice are ready for your review on www.max.gov:

- Wyoming SIP-FIP Introsection
- Wyoming SIP – FIP RPsection

A few notes (and **Laurel**, please add/correct as needed):

- No need to edit the comments - Generally, the comments are taken verbatim from the actual comments we received. If we had time we would have summarized them.
- To the extent you are making typo-type edits and/or other types of edits, please do so directly into the document on www.max.gov, no need to make edits in “track changes”
- If you think a response needs to be rewritten, we’d appreciate it if you would go ahead and redraft.
- If you have questions/comments on the responses, please indicate in a bubble comment.
- “Save” the file you are working in frequently on www.max.gov, a couple of us have been

locked out, which is rare, but does happen.

· Let us know when OGC done on the sections so we can let the next level of reviewer know.

Questions, let us know.

Thanks!

Sara L. Laumann
